File SSCI

NOTE FOR: DDCI

VIA: Dave Gries

FROM:

SUBJECT: SSCI Staff Review of Community Personnel Programs

SSCI staffers Charlie Battaglia and Ed Levine have just begun a review of Community personnel programs. Battaglia said they have not even set their terms of reference yet. They have learned about the Human Resources Task Force headed by of the Office of Personnel and would like to have an informal chat with him on the scope and concepts that their respective reviews will entail. Battaglia stressed that he was not seeking any results or findings from our task force. is willing to do this on an informal basis, but also wants to be sure that you have no objection to his meeting with SSCI staff before he has briefed our own leadership. If you approve, he will meet with Battaglia and Levine on concepts and scope but not on results.
